

Band

We invite you to explore the music opportunities at Ursuline Academy that are available for students beginning your first year of high school.

Band is a performance class open to wind and percussion instrumentalists. Prior experience is desired but not required for admission to the class. Beginning students will be recommended for private study outside of the class when necessary. Band functions as a marching organization during part of the fall semester and as a concert ensemble for the remainder of the year. Students enrolled in the class prior to the beginning of the school year will be informed of summer band activities. Opportunities exist for solo, ensemble, honor band/orchestra and jazz band performance. Class is held at Jesuit College Prep from 7:00-8:15 a.m. daily; students travel to Ursuline for the remainder of the school day. **Band students will enroll in both courses 2710 (½ credit Physical Education) and 2711 (½ credit Fine Arts). Band students will also take Wellness to complete their Physical Education requirement.**

Students interested in performing with the **Band** as a member of the **Color Guard** are invited to look at that information page which includes dates for the spring **Color Guard Workshop!**
