

# Band and Color Guard

*We invite you to explore the music opportunities at Ursuline Academy that are available for students beginning your Freshman year of high school.*

**BAND** is a performance class open to wind and percussion instrumentalists. Prior experience is desired but not required for admission to the class. Band functions as a marching organization during part of the fall semester and as a concert ensemble for the remainder of the year. Students enrolled in the class prior to the beginning of the school year will be informed of summer band activities. Opportunities exist for solo, ensemble, honor band/orchestra and jazz band performance. Class is held at Jesuit College Prep from 7:00-8:30 a.m. daily; students travel to Ursuline for the remainder of the school day. Band students will earn  $\frac{1}{2}$  credit in Physical Education (fall) and  $\frac{1}{2}$  credit in Fine Arts (Spring). Elective credit is received after the Fine Arts and PE requirements are met.

The **COLOR GUARD** is the official auxiliary of the Jesuit Ursuline Ranger Band and performs throughout the football season. Combining dance, props, and the thrill of performance, the COLOR GUARD interprets the music for a total entertainment experience. All uniforms and equipment are provided so there is minimal cost to the student. COLOR GUARD is an athletic art and you will earn a Physical Education credit for your work. It is a fall semester class only, but you may want to continue in the optional Winter Guard season that has led to numerous national awards!

Join us in our **Quest for Excellence!**
